NOTICE TO LIEN-HOLDERS.

IN THE CIRCUIT COURT of the United States for the Ninth Circuit, District of Nevada, C. P. Mubbell, Complainant against The Truckee and Steamboat Springs Irrigating Canal Company, Defendant. Notice is hereby given that the complainant in the above entitled action has commenced an action in the above entitled court against the defendant named to enforce liens held, claimed and owned by him under the provisions of an Act of the Legislature of the State of Nevada entitled "An Act to secure liens to mechanics and others and to repeal all other Acts in relation thereto," approved March 2, 1876. Said liens are claimed upon the following described premises and property owned by defendant, to-wit: That certain water ditch and irrigating canal, situate, lying and being in the County of Washoe, State of Nevada, known as and called the Truckee and Steamboat Springs Irrigating Canal Company's canal, commencing at the boundary line between the States of California and Nevada, about two miles above the town of Verdi, and extending thence in a general southeasterly direction in the distance of 34 miles to a point near the Steamboat Springs in said County of Washoe in Section 33, Township 18 North, Range 7 East Mount Diablo Base and Meridian, together with the land in and upon which said Canal is constructed, and the right of way for the same and all the water rights and privileges had, used, claimed or enjoyed by defendant and to which defendant claims or is entitled to and the right to the waters of the Truckee River to the full capacity of said ditch or canal, as it now is or may be hereafter enlarged by said defendant, and also all easements now had, owned or enjoyed by said defendant upon the lands over which said Canal runs, and all ditches, aqueducts and other structures used with said Canal and water privileges or to the use of which said defendant is entitled and every other right of every nature and kind owned by defendant, useful or necessary, to the full enjoyment of said Canal and appurtenances and to the conveying of water through said Canal for irrigating and other beneficial purposes.
Notice is hereby given to all persons having, holding or claiming any lien or liens against said premises or property or any part thereof under said Act of the Legislature, to be and appear before said Court at the Court Room thereof at the City of Carson, Washoe County, State of Nevada, in said District of Nevada, on Monday, the 6th day of September, A. D. 1880 at 10 o'clock A. M. of said day, and then and there make due proof of their liens.

DR. HALL'S BALSAM

Cures Colds, Pneumonia, Bronchitis, Asthma, Croup, Whooping Cough, and all diseases of the Breathing Organs. It soothes and heals the membranes of the Lungs, inflamed and poisoned by the disease, and prevents the night sweats and tightness across the chest which accompany it. CONSUMPTION is not an incurable malady. It is only necessary to have the right remedy, and HALL'S BALM is that remedy. DON'T DESPAIR OF RELIEF, for this benign specific will cure you, even though professional aid fails.

Dr. M. H. Hinesdale.

Kewanee, Ill., advises us of a remarkable cure of Consumption. He says:
"A neighbor's wife was attacked with violent lung disease, and pronounced beyond help from Quick Consumption. As a last resort the family was persuaded to try HALL'S BALM. To the astonishment of all, by the time she had used one-half dozen bottles she was about the house doing her own work. I saw her at her worst stage, and had no idea she could recover."

Attorney General Murphy denies that he fully agrees with the findings of the Board of Examiners in the Crockett case. It is in order for the Attorney General to supplement this denial with a statement wherein the points at issue are not concurred in. A minority report should have been made and sent out with the majority report, especially because there was a difference of opinion between the members.

Card from the Attorney General.

Attorney General Murphy has forwarded to the Enterprise the following card, addressed to the public, with a request for its publication:
I do most emphatically deny that I ever authorized John H. Kinkaid or Jasper Babcock, or either of them, individually or as a Board of Examiners, to say that I fully agree with them in their report on the conduct of Mr. Crockett, State Treasurer, with the Reno Savings Bank. That statement was added to the report without my knowledge or consent after the Board of Examiners had adjourned on the 13th day of August, 1880.

M. A. MURPHY,
Attorney General.
Carson, Nev., August 17, 1880.
George P. Rowell & Co.'s American Newspaper Directory for 1880 is out, and rather surpasses the excellent standard of its predecessors in several respects. It contains, as usual, accurate lists of all the newspapers and periodicals published in the United States, Territories, and the Dominion of Canada, together with a brief description of the towns and cities where the papers are published. It is a book of over a thousand pages, handsomely bound, and contains more information, reliable and correct, than any work of the kind ever before published in the United States. To advertisers it is especially valuable, and anybody can read and appreciate its contents. All business men should secure a copy at once.

There is a howl from the Democratic press about Hayes' veto and Garfield's vote on the Chinese question. The Democrats, had they made the issue a party question, could have passed the bill over the veto. But they did not, and in fact during the time they have had control of Congress did nothing of benefit to the people on the Chinese or any other question.

The Ontario Mining Company of Utah paid their usual monthly dividend of 50c per share at New York Monday. This makes the 58th dividend. There has not been a break in these disbursements from the start. The total amount paid to date is \$3,350,000. Other mines have paid more money, but none have paid so regularly for so long a period.

It is a notable fact that all able Republicans—whether editors, statesmen or politicians—who followed Greeley into the Democratic ranks in 1872, are now laboring earnestly for the success of Garfield and Arthur this year. Fear of the success of the Solid South by unfair means is the cause of this movement.

The Carson Tribune says it is informed from a reliable source that James G. Blaine, the "White Plumed Navarre," will honor Nevada next month sometime. He will speak at Eureka and Carson. He might as well not come if he intends to slight Virginia and Reno.

The committee on the location of the next Triennial Conclave of Knights Templar, report to the Grand Commandery in favor of San Francisco as the place of meeting in 1883. The Commandery has not yet acted upon it, but as the report is harmonious, they will probably endorse it.

Cole's circus played in Eureka the night after the fire, but notwithstanding the fact that half the town was smoky ruins, the tent was crowded, many of the spectators not having a roof to their name. But the show is a good one.

The next transit of Venus occurs in 1880, but after that there will not be another for 100 years.

Jay Gould has donated \$100,000 to be used for the relief of distressed farmers in Kansas.

CONNECTICUT REPUBLICANS.

The Republicans held their State Convention in Hartford the other day and nominated a State ticket which they regard as the strongest they have placed in the field for many years past. The agreement, calculated to cement the interests and heal long existing dissensions between the party leaders in the two principal cities, New Haven and Hartford, was practically carried into effect. In the face of it the proposition to follow the usual custom and renominate the old ticket, or at least the head of it, Governor Andrews, was defeated, and the chances of Oliver Hoyt, of Stamford, fairly ahead but a few days since, lessened so rapidly that his friends withdrew him from the contest. The nomination for Governor of Mayor H. B. Bigelow, of New Haven, is satisfactory to all sections of the State. It is a Republican triumph in itself in that it is a vote winning act, Bigelow having been elected Mayor by 2,300 Republican majority in a city which is fully two thousand the other way. The Convention seconded this by giving second place to General William H. Bulkeley, of Hartford, who materially helped in the last municipal contest in Hartford in carrying the election for his brother as Mayor against a long existing Democratic majority.

There is peculiar significance in this because the Nutmeg State has been classed as doubtful.

The Janus-Face of Wade Hampton.

The New York Tribune prints, side by side, two reports of Wade Hampton's speech at Staunton, July 26, one as taken at the time and printed in the Staunton Valley Virginian and the other recently put forth as personally indorsed by Hampton, from which the offensive passages in the former are carefully eliminated. The Tribune shows that Hampton does not deny the accuracy of the first report, and that the passages which remain in his "personally indorsed" version are precisely the same in punctuation and phrase as those in the Virginian's report. The letter also says: We do not know what was in Hampton's mind when he delivered his speech in Staunton; but we do know what his language meant. He declared that "the Democratic party, under Hancock's lead, was fighting for the same principles that Lee and Jackson fought for, and for which Southern soldiers died." There was no qualification in the terms used.

The Republicans are certainly making every effort to succeed in the present campaign, if we may judge from the daily routine of the Republican National and State committees. Ex-Governor Marshall Jewell has for some days past been taking an interest in Connecticut politics, but the absence of the National Committee's chairman has not in the least interrupted the Republican campaign. While the chairman is refreshing himself by dabbling in Eastern politics ex-Senator Dorsey, the secretary of the National Committee, is in charge of General Garfield's canvass. His assistant is Colonel George W. Hooker, who for a few days past has been resting in his native State, Vermont.

The Grand Prize mine has been producing some bullion during the past few weeks. A sufficient surplus has accumulated to justify the management in paying a dividend, and accordingly one of 25c per share has been declared, payable on the 20th. This is the first dividend in over two years, the last having been paid in February, 1878. Up to that time \$400,000 has been disbursed among stockholders. Since then there has been \$225,000 paid back in assessments. We know nothing of the extent of the ore body now being worked.

A Portland, Or., dispatch says there is considerable restlessness among the Indians in the whole upper region country, though the season is so far advanced no active hostilities are anticipated this year. Captain Bendive is watching the Spokanes. Eagle Eye, with a lot of Snakes and renegades, is in the Salmon River mountains and makes occasional raids on outlying ranches.

The Egyptian obelisk which recently arrived in New York is of red granite and was hewn out in the days of the late Mr. Thotmes, about 3,400 years since. The shaft weighs about 200 tons and is 70 feet long—all one stone. The Masonic emblems found in its foundation are to be placed in exactly the same position as found, when the needle is erected in New York.

The bullion product of the Alexander mine for July was \$23,427. The Secretary also reports \$42,752 for June, of which \$15,452 was for account of the Alexander mine and \$27,300 from custom. The company are adding 20 stamps to the mill, which will give them 40 stamps; all of which will be running by September 15th, thus doubling the bullion product.

OUR WASHINGTON LETTER.

WASHINGTON, D. C., Aug. 12, 1880.
One of the cardinal maxims of our government is "the greatest good to the greatest number." The main issue of the campaign seems to turn upon this maxim. Or, in other words, shall the South with but little commercial, manufacturing or business issues at stake, and impoverished by the pernicious political and other doctrines control the government and shape the policy that is to direct the great industries of every kind that flourish in the North and West. I think the business men of the North and West should give this subject more attention than they do. They should ask before voting the Democratic ticket, "Why should we invite these planters of the South who do not even own the railroads that carry their cotton to market, to legislate for our factories, our banks, our shipping interests, and our transportation lines." Ask this question to any Democrat and he cannot answer you. The answer is one of vital importance. The well known jealousy of

THE SOUTH

To Northern institutions and an inquiry into their policy should they gain control, does not give to any business man the assurance of safety he now has. The government receives its entire support from Internal Revenue taxes and Custom duties. What proportion of these does the South pay? Or how much does the South contribute to the support of the government it seeks to control. Of Internal Revenue taxes it pays seventeen (17) per cent. and of this, 95 per cent. is realized from whisky and tobacco. Of Custom duties, it pays one and six tenths per cent. Of manufactured goods, but six and one half per cent is the product of the South. The South does but 3 1/4 per cent of the mining of the country. But four tenths of one per cent of the entire amount deposited in savings banks is deposited in Southern savings vaults. Space does not permit me to further enumerate the

COMPARATIVE IMPORTANCE

And wealth of the two great sections of our country. But a careful study of the great subject of National wealth, I have but merely outlined will, I am convinced, make plain to every business man the vital necessity of keeping in power the party under whose rule the country and its interests has assumed such immense proportions. All signs point to the complete dissolution of the Greenback party in Indiana; it is difficult to get enough intelligent men to make up their ticket, although in 1878 they polled 37,000 votes. It is

THE DISSOLUTION

Of this party in Indiana which renders that State so doubtful. This party started into existence when business was very dull all over the country, and a hope was entertained that a great inflation of the currency would set the wheels of business in motion. But now that the same result has been attained by resumption of specie payments there seems no further use for that party and its sensible leaders, and the leading men are announcing their determination to return to the two great parties. Not over 5,000 or 6,000 Greenback votes will be polled in Indiana this Fall.

LOGAN.

Futile Abuse.

(Enterprise.)

Before the Republican State Convention met the Democratic newspapers asserted that the railroad and other corporations were determined to defeat Judge Beatty for the nomination for Supreme Judge. Judge Beatty was nominated, the awful corporations making no effort to defeat him, and because he was not defeated by corporation influence, the Eureka Sentinel and other pure and far-seeing Democratic journals argue that he is a corporation candidate. Had the Judge been defeated, his defeat would have been by the journals ascribed to corporation influence; being nominated, he is a corporation nominee. Democratic newspapers are hard to please, but every man in this State knows that Judge Beatty, throughout his long judicial career in this State, has never been officially influenced by the corporations, nor has he been induced by the clamor of demagogues to decide against the corporations when satisfied that the corporations had right and justice on their side.

THE CARSON AND COLORADO RAILROAD.

The grading for this end of the Carson and Colorado Narrow-gauge Railroad is completed and the laying of the track will be commenced in about a fortnight. The piles for the bridge across the Carson river at Dayton are driven. There is a bridge to be built at Walker river that will require about 100,000 feet of lumber. D. J. Sullivan, the famous track-laying boss on the Central Pacific Railroad, who performed the recorded feat of laying ten miles in one day, and who laid all the track on the Virginia and Truckee Railroad, has gone out upon the line of the Carson and Colorado, to make himself generally useful until such time as the track-laying begins.—Enterprise.

THEY WERE EXCITED.—"If you are a quiet, honest citizen of Galveston, how did these skeleton keys and brass knuckles happen to be in your coat pockets?" "I reckon, Judge, me and the policeman changed coats in the scuffle. We were very much excited."—[Galveston News.]

THE NORTH END MINES.

The Beginning of Active Prospecting Operations.

(Enterprise, 19th.)

Henceforward the north end mines will for a considerable length of time be the center of attraction for mining men. The various operations commenced and about to be commenced, in the lower levels of the Sierra Nevada and Union Consolidated mines are of such a character as must interest all dealers in mining stocks and such as will deserve their special attention.

UNION CONSOLIDATED.

At the Union Consolidated mine preparatory excavations are being made for the starting of two crosscuts to the eastward, on the 2,500 level, from the south drift from the Union shaft.

These crosscuts will be so directed as to connect with the south drift from No. 1 winze. They will pretty thoroughly test the large block of ground now ventilated on three sides by drifts and which is over 300 feet in width. It will be some days, however, before any special change need be looked for in the crosscuts, as they start at a point quite distant from where the ore body is supposed to lie. A crosscut from the drift connecting the Union shaft and the bottom of the Sierra Nevada incline would be much nearer the ore body in the start; indeed, near the Sierra Nevada line a crosscut might be started in the ore.

However, as soon as the crosscuts from the south drift are fairly under way they will be closely watched and every change of rock in the face of either will be carefully noted and made the subject of comment, favorable or otherwise, as will best suit the proclivities and wishes of dealers.

SIERRA NEVADA.

At the Sierra Nevada things will soon be red-hot. They are now rapidly advancing the north drift on the 2500 level; also the north drift on the 2400 level. On the latter level a crosscut will be started east next Monday. Eventually a crosscut will also be run west on this level, but at present they have only sufficient air for one crosscut.

A blower is now being set, and next Friday a very interesting piece of work will be commenced. This will be an upraise in the ore body on the 2300 level at a point 1,000 feet north of the incline. At this point there is sufficient room in the unexplored ground above for a much larger bonanza than was found in the California and Consolidated Virginia mines. The bulge of the ore body in the latter bonanza was at the 1500 and it was pinched out at the 1800 level, though it has been found to commence making again below the "pinch,"—down about the 2000 and 2100 levels.

Starting upon the ore body on the 2300 level of the Sierra Nevada, we may go upward 500 feet and then will only have reached a point corresponding with what was the bottom of the California and Consolidated Virginia bonanza. There are indications that on the 2300 level of the Sierra Nevada has been cut what is the bottom of the northern bonanza (a different ore body from that running into the south end of the claim from the Union Consolidated) which will be found to expand as it is followed upward. One of these indications is the large per cent. of gold the ore carries at the 2300 level, and another is in this shape—in its widening upward. It is not at all unlikely that it is now about to be discovered that the search for this bonanza has been in the wrong direction, and that it came near being for a time passed by and left resting unexplored above.

The progress of the upraise to be started to-morrow (Friday) will be watched with great interest. The quality and character of the ore will very soon show whether or not the body is making upward. There is an abundance of room at this northern point in the unexplored ground above for a huge body of ore.

"Delightful Cheap Literature."

(Lyon County Times.)

The Virginia Chronicle last Thursday contained an article with the above heading, reflecting in a jocular manner on the lengthiness of the opinions of the Justices of the Supreme Court in the case of Solen vs. the V. & T. R. R., a suit for interest on a judgment for \$15,000 recovered for personal injuries received by plaintiff. It appears that the judgment was recovered by the plaintiff in December, 1877, and that the defendant appealed, but the judgment was affirmed by the Supreme Court on June 22, 1878. This judgment was entered by the clerk of the court precisely in accordance with the form of a judgment which had been prepared and furnished by one of the attorneys for the defendant; it was for \$15,000 and costs of action, but was silent as to interest. On the 29th day of June, 1878, the railroad paid to the Clerk of the Court the \$15,000 and costs, claiming full satisfaction; but the plaintiff refused to receive the amount, claiming interest also on the \$15,000 for the eighteen months since the recovery of the judgment, and commenced the action referred to in the Chronicle.

The object of the Chronicle was to cast some ridicule upon the Supreme bench because its members belong to the Republican party. It observes:

But the most curious part of the whole business is the quality of wisdom (and wit) poured out by the three learned Justices of the Supreme Court in expressing their respective conclusions.

Really, the most curious part of the whole business is that the present Democratic candidate for Supreme Judge was the attorney through whose carelessness or ignorance of the law his client lost about \$3,000 of interest, and that a Democratic journal should call attention to the fact.

The Queen of the Turf.

Maud S. has been so often pictured that an extended notice now would be superfluous, but as the thoroughbred and trotting blood advocates discussed her at length after her wonderful performance of 2:17 1/4 at four years old, we will give our impressions of her. A chestnut or golden sorrel, 15 1/2 to 16 1/2 hands, she is not a Hambletonian, and by no means a Harold in appearance, but in general appearance a type of the thoroughbred, possibly breeding back to Boston; head of fair size, but clean cut and handsome; ear of good size, but handsomely tapered and blood-like; good length of neck, with good length of barrel; broad, strong loin couplings, well back, or rather, the "spinal process long back of the coupling," like St. Julien, her crump consequently too short for perfect beauty. We failed to detect any indications of an infirm leg or foot, as has been so often claimed. She wears a fourteen-ounce shoe and a four-ounce toe-weight, and light shoe behind. She wears tendon shin boots forward and quarter-boots behind. She wears scalpels and shin and pasten boots. We remember one prominent writer states that "thoroughbred in her has overcome the Canuck tendency, through Pilot, Jr., to high-knee action." If we were to criticize her action at all, we should say she has an excess of knee action; certainly much more than St. Julien.—[Spirit of the Times.]

RECREATION.—Recreation is a duty. It is not merely a thing of personal choice; it is as positive a duty as labor. The athlete who understands the economy of strength, never in his exercises goes beyond the point of fatigue, and the regular mental athlete ought to know that beyond a certain point all exercise is veritable, unqualified suicide. It means a draft upon the vital resources, the cutting off of life at the other end. There are more ways of not rendering a good account of a talent than burying it in the earth. A man is given three-score-and-ten years to do his work. He does not lie down and sleep, but makes an inconsiderable attempt to improve upon the divine arrangement by making the human life but two score.

NEWS OF THE MORNING.

Ole Bull, the violinist, is dead. At Springfield, Mass., yesterday, St. Julien won the race. Time: 2:19 1/4, 2:19 1/4, 2:15.

The trial of the Mussel Slough settlers, indicted for resisting United States Marshal Poole, began yesterday in San Francisco before Judges Sawyer and Hoffman, of the United States Circuit and District Courts.

A New York dispatch says: Beaumont Back, the young man who shot and seriously wounded the son of John G. Thompson, Sergeant-at-Arms of the House of Representatives, has been again nominated to be a cadet at West Point, by Congressman Wellborn of Texas.

The reports from the provinces of Germany in regard to the floods are worse daily. Not only has Silesia suffered terribly, but also East and West Prussia. The harvest is almost totally destroyed, and things are so serious that the divisional maneuvers will be put off for this year. It has rained incessantly for three weeks in some parts.

The extraordinary news now comes from the Treasury Department that even gold has become a nuisance in business and propositions have been submitted from various quarters that certificates be issued in exchange for it upon the principle that governs the issue of silver certificates.

Writing to the Republican Committee in New York, General Grant says: "You have my full sympathy in support of the ticket headed by Garfield and Arthur. I have lost no opportunity of saying what I could in private conversation, or rather in conversation, in behalf of the ticket, and shall not."

The Bismarck agent at Poplar river has abandoned the agency. He says the country is full of Indians and there is much danger. Sitting Bull is only twenty miles from the agency and is clamorous to be fed. The agent gave him a feast the other day. Troops have been sent to Poplar river.

The Connecticut Democrats have nominated Jas. E. English for Governor. This is the man everybody supposed was their nominee for Vice President. "This English has been Governor of the State, is immensely popular, very wealthy and a first-class man. The chances are that he will make it warm for our candidate."

Splendid Stock.

John Sunderland has just received from the East a splendid assortment of ladies' and children's shoes and slippers and men's boots and shoes, made in the latest style, which he is prepared to sell at the lowest figures. Owing to his favorable facilities for buying Mr. Sunderland is confident that he can sell this stock at really cheap figures, while those purchasing can feel assured of getting a good article. Those visiting Reno from neighboring towns will consult their best interests in giving him a call. This stock recently purchased by Sunderland includes the tastiest and most fashionable patterns, and will be recommended for durability and wear.

The friends of W. R. Jenvey are desirous of having him nominated for Co. Supt. of Schools. Mr. Jenvey is peculiarly fitted for the position, and we should be pleased to see him have it.

Harry Bowmer says that the first thing that "new-to-day" boy of his did, was to look around for a Garfield and Arthur election ticket, which shows him to be a young man of good judgment.

Some wonderfully rich rock is being taken out of the Mountain View mine near Peavine by Mr. Sessions. It has a prospect of being one of the richest mines in the State.

Reno appears liveliest upon the arrival of the evening trains, and the large crowds around the Depot and on Commercial Row, impress a stranger with the belief that this is a great big town.

C. S. Varian received a dispatch from Eureka last evening, stating that no outside help was needed just at present. In case it is, Reno will be among the first.

A Relief Committee for Eureka.

EUREKA, August 18.—At a meeting of citizens a Relief Committee was organized, composed of the clergy and others. But a few cases of absolute destitution have been reported thus far. Several parties are clearing away the debris in order to rebuild. It is ascertained that fewer poor families were burned out than on the occasion of the other great fire. Our people are hopeful, and last night 4,000 of them attended Cole's circus. Among the number were a great many of the sufferers.

There is in the hands of the old Relief Committee of a year ago about \$2,000. It has not been determined to call for extraneous aid, though the Committee to-morrow may ask for assistance. Ex-Congressman Wren was Chairman of today's meeting.

NO OUTSIDE AID NEEDED.

EUREKA, August 19.—The Relief Committee, at its session to-day, determined to ask no outside aid for the sufferers by the late fire. A few thousand dollars have been raised here, and this is deemed sufficient to relieve all absolute cases of want.

As a rule the "outs" have the best of the "ins." But in this fight the voters intend that the Republicans shall stay in for four years longer.

DEMOCRATIC COUNTY CENTRAL COMMITTEE MEETING.

A MEETING OF THE WASHOE COUNTY Democratic Central Committee held in Reno, August 5th, 1880, it was Ordered, That a County Convention be held in the town of
Reno, on Saturday, Sept. 11, 1880, at the Pavilion.
For the purpose of nominating the following officers, viz:
1 Senator.
3 Assemblymen.
1 Sheriff.
1 Clerk.
1 Recorder.
1 Treasurer.
1 District Attorney.
1 Assessor.
1 County Supt. of Schools.
1 County Commissioner (Long Term).
1 County Commissioner (Short Term).
1 County Central Committee and Precinct officers.
On motion it was Resolved, That the apportionment of delegates to represent the several Precincts in said County Convention be made as follows:

- Washoe.....21
- Wadsworth.....4
- Franktown.....4
- Pyramid.....2
- Washoe.....2
- Wadsworth.....3
- Franktown.....2
- Pyramid.....2
- Washoe.....1
- Wadsworth.....1
- Franktown.....1
- Pyramid.....1

Resolved, That the primaries for the election of said delegates be held in the several Precincts, Saturday, Sept. 4, 1880.
Between the hours of 9 o'clock A.M. and 8 o'clock P.M., and that the several Precincts appoint their own Judges and Clerks of Election, and place of holding same. The polling place in each Precinct shall be at the rooms of the Hancock and English Club.
Resolved, That the test at the primaries be the same as at the former primary held April 24, 1880.
By order of County Central Committee,
J. M. FLANAGAN, Secretary.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

This standard article is compounded with the greatest care.
Its effects are as wonderful and satisfactory as ever.
It restores gray or faded hair to its youthful color.
It removes all eruptions, itching and dandruff, and the scalp by its use becomes white and clean.
By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.
As a dressing nothing has been found so efficient or desirable.
Dr. A. C. Hayes, State Assayer of Massachusetts, says of it: "I consider it the best preparation for its intended purposes."

EUCKINGHAM'S DYE,

FOR THE WHISKERS.

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectively produces a permanent color which will neither rub nor wash off.

YOUNG MEN

WHO MAY BE SUFFERING FROM THE effects of youthful follies or indiscretion do well to avail themselves of this, the most potent ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee a cure for every case of Seminal weakness or spermatic disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. In extending the urinary deposit aropy sediment will often be found and some times small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and frothy appearance. There are many men who die of this difficulty. It is the cause of the disease, which is the second stage of Seminal weakness. Dr. B. will guarantee a perfect cure in all such cases, and a healthy restoration of the genital urinary organs.

Service Hours—10 to 11 A.M. and 6 to 8 P.M. Sundays 10 to 11 A.M. Consultation free. Thorough examination and advice \$2.
For private diseases of short standing a full course of medicine, sufficient for a cure, with all instructions, will be sent to any address on receipt of \$10.

REPUBLICAN

STATE TICKET.

PRINCIPAL ELECTIONS:
R. H. TAYLOR, - - - Storey
O. H. GREY, - - - White Pine
A. E. MORTON, - - - Esmeralda
FOR JUDGE OF THE SUPREME COURT:
WILLIAM H. BEATTY.
FOR CONGRESS:
ROLLIN M. DAGGETT.

Resolutions Adopted by the Re-

publican State Convention:

Resolved, That the platform of principles adopted by the National Republican Convention at Chicago in June deserves and receives the approval and hearty endorsement of all Republicans of Nevada.

Resolved, That the hordes of Chinese that are coming in upon our shores to eat substance are destroying our country, impoverishing our mines, miners and laborers, debauching our youth and making both men and women lower in the scale of humanity. This evil must be stopped, and to this end we pledge the strength of the Republican party. In the language of our great leader, we regard the immigration of Asiatics to the United States as little less than a servile invasion. Should the Commissioners now in negotiation with the Chinese Government fail to secure by the first of next January such a modification of the Burlingame Treaty as will practically put an end to the influx of Chinese to this country, we demand that the treaty then be promptly annulled, and such laws enacted as will relieve at once and forever of the Asiatic scourge now menacing the well being of the Republic.

Resolved, That we most heartily endorse the general financial policy of the Republican party, which, in spite of every opposition on the part of the Democracy, has led to the resumption of specie payments, the raising of a national credit to a height never before known, and the restoration of National prosperity. But we also demand the complete restoration of silver coin to its former position by the side of gold, and for the purpose of attaining that end we hold it to be the duty of the General Government, through the authorization of Congress, to coin into standard dollars or other legal tender coin, at the cost of coinage and for the benefit of the producer, the entire produce of the country, to be used in the mining industry from the time of its production to the time of its sale in the foreign markets. As mining for the precious metals is the leading industry of Nevada, we are inflexibly opposed to the bill reported by the Committee on Mines and Mining and now before the House of Representatives, prohibiting the following of future veins or deposits beyond vertical lines of surface boundaries, and we urge our representatives in both Houses of Congress to continue their efforts for its defeat. Such a restriction would work disaster to the laborer of the prospector and seriously retard the development of the mineral riches of the West, and we cordially endorse the action of our Representative, the Hon. R. M. Daggett, in this behalf.

Resolved, That the Republican party claims it to be the right and duty of the State and Territorial Legislatures to regulate and restrict the charges of railroads exclusively within their respective boundaries, and that it is no less the constitutional right than positive duty of Congress to regulate tariffs and restrict the charges of inter-State railroads.

Resolved, That while we congratulate the country on the successful resumption of specie payments and the splendid financial condition of the Republic, we are in favor of restricting the issuance of National and State legal tender notes to denominations of not less than five dollars, thus creating an increased demand for a circulating medium for the precious metals which our mines are annually yielding.

Resolved, That General James A. Garfield and Chester A. Arthur, by their devotion to principle and by their unspotted reputation as men and as citizens, are deserving of united and earnest support of all the loyal people of the United States for President and Vice President. We rejoice in their nomination and pledge our votes for the Electoral vote of Nevada at the ensuing election by an overwhelming majority.
